Bangalore, Karnataka, India

Professional Summary

Passionate Software Engineer with 4 years of experience in full stack development, machine learning, and cloud infrastructure. Proficient in Python, React, and AWS. Strong background in building scalable web applications and data pipelines. Seeking challenging roles in AI/ML product development.

Skills

Programming: Python, JavaScript, TypeScript, Java, SQL, Bash

Web: React, NodeJS, Django, Flask, FastAPI, HTML, CSS, REST API

Data Science: Machine Learning, Deep Learning, NLP, Pandas, NumPy, TensorFlow, PyTorch, Scikit-Learn, Matplotlib

Cloud & DevOps: AWS, Docker, Kubernetes, Git, GitHub, Jenkins, Linux

Databases: MySQL, PostgreSQL, MongoDB, Redis, Firebase

Tools: Jira, Postman, Figma, Tableau, Power BI, Agile, Scrum

Work Experience

Senior Software Engineer — Infosys Ltd, Bangalore

2022 – present

- Built scalable REST APIs using Django and FastAPI serving 500K+ requests/day.
- Led a team of 5 developers to migrate legacy monolith to microservices on AWS.
- Reduced API response time by 40% through Redis caching and query optimization.

Software Developer — Wipro Technologies, Hyderabad

2020 – 2022

- Developed frontend features using React and TypeScript for a SaaS dashboard.
- Integrated machine learning models into production pipelines using Python.
- Deployed containerised applications using Docker and Kubernetes on GCP.

ML Intern — Tata Consultancy Services (TCS), Pune

2019 – 2020

- Built NLP pipeline for customer sentiment analysis using spaCy and NLTK.
- Trained deep learning classification model achieving 91% accuracy on test set.

Education

B.Tech in Computer Science — Indian Institute of Technology (IIT) Bombay

Graduated: 2019 | CGPA: 8.7/10

12th (HSC) — Delhi Public School, New Delhi | 2015 | 94.6%

10th (SSC) — Delhi Public School, New Delhi | 2013 | 96.2%

Notable Projects

NewsAI — Built a real-time news aggregator with NLP-based topic classification and sentiment analysis using Python, spaCy, and React.

SmartResume — Developed an AI-powered resume parser using spaCy and PyTorch that extracts structured data from PDF resumes with 95% accuracy.

Certifications

- AWS Certified Solutions Architect – Associate (2023)
- Google Professional Data Engineer (2022)
- Deep Learning Specialization — Coursera / Andrew Ng (2021)
